# THE LIFE OF AIR BREATHING FISHES, 2 VOLS

Narendra Publishing House, 2009. Hardcover. Book Condition: New. The exploratory work on the structure, function and development of the gills and accessory respiratory organs of air-breathing Fishes was initiated by me at Banaras Hindu University. Since then the work diversified in different directions with the application of new techniques. The bimodal breathing in early Vertebrates evolved during the Devonian period in Dipnoi and palaeoniscoidea (Chondrostei) group of fishes. They have developed lungs and gills for breathing both air and water....
