A Theory of Grocery Shopping: Food, Choice and Conflict

By Shelley L. Koch

Bloomsbury Academic. Hardcover. Book Condition: New.

Hardcover. 144 pages. Dimensions: 7.7in. x 5.1in. x

1.2in. Grocery shopping is an often ignored part of the story of how food ultimately gets to our pantry shelves and tables. A Theory of Grocery Shopping explores the social organization of grocery shopping by linking the lived experience of grocery shoppers and retail managers in the US with information transmitted by nutritionists, government employees, financial advisors, journalists, health care providers and marketers, who influence the way we think about and perform the work of shopping for a households food. The author provides insight into the contradictory messages that shape how consumers provision their households, and details how consumers respond to these messages. The book challenges the consumer choice model that places responsibility on the shopper for making the right choice at the grocery store, thereby ignoring the larger social forces at work, which determine what products are available and how they get to the shelves. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.

Reviews

A whole new e book with a brand new standpoint. I have read through and i also am certain that i am going to planning to read again yet again later on. I found out this book from my i and dad advised this pdf to learn.

-- **Audrey Lowe I**

It is fantastic and great. It is really simplified but unexpected situations from the 50 % in the ebook. I discovered this ebook from my dad and i suggested this book to learn.
