Let's face it, bad things happen to good people through no fault of their own at times. A sudden job loss, disability, or medical concern, life happens. Over the years I have found success for me along with helping friends and family being able to settle past due credit cards for a fraction of the amount owed, collection accounts and appeal denied medical claims. These solutions have saved myself and family members several thousands of dollars. In addition to learning the process for resolving certain business disputes with public companies I never thought possible, after being told no, time and time again. Through the next several chapters I will show you my approach and steps on how to go about working on a self-help solution in these areas for yourself. I want to share this valuable information with everyone I can. Why pay high costs and companies to resolve your issues or concerns, if you are just a little persistent and willing to take a small amount of your time, you can work on achieving the solution you want for yourself. Move on with your life and don't let the past concerns or issues keep dragging you down. The time is now to make a change.
