THE TRANSPOSING METHOD OF SOLVING ALGEBRA EQUATIONS: THE TRANSPOSING METHOD IS TRANSFORMING MATHEMATICS EDUCATION

Createspace, United States, 2010. Paperback. Book Condition: New. 248 x 198 mm. Language: English . Brand New Book ***** Print on Demand *****.This book offers one proven solution to a major problem: Nationally, 90+ of entering college freshmen, can t solve equations. Obviously something is wrong. The Transposing Method of Solving Equations is a far superior method than the traditional Whatever you do to one side, you do to the other side, Method (taught in schools today). With The Transposing Method you will be able to solve equations with 1/3 the steps (and in significantly less time) and you will eliminate a lot of messy scratch work. The two methods are compared in the book. The book also provides a Diagnostic Test (with 10 simple equations). 90+ of college students can not even get 2 correct. With just a few simple rules you will be able to solve every equation you will encounter in a typical School Algebra and/or College Algebra course. There is no difference between High School Algebra and College Algebra: Algebra is Algebra. This book is a Self-Teaching Course to help you Solve ALL Equations. This book will help you NOW and be your Reference for any FUTURE Math Course. I have enjoyed collaborating with Professor Matson the past two years at KSU. Dr. Matson brings many years of teaching expertise and a wide range of related work experience including the space program into the classroom. His students recent results on tests/exams were the highest that I have seen in my ten years at this University. When Dr. Matson noted a deficiency in the current textbook, he began authoring new textbooks for entry level students. I have been proofing the textbooks and can attest to their rigor and effectiveness in helping other instructors to have the success...
