Filesize: 4.22 MB

Reviews

This ebook might be really worth a go through, and much better than other. I have got study and i am sure that i will going to study again once more in the future. You will not feel monotony at at any moment of your own time (that's what catalogs are for regarding in the event you request me).

(Krista Lindgren)

EMERSONS SCIENCE OF THE SPIRIT: A VISUAL INTERPRETATION OF EMERSONS NATURAL HISTORY OF INTELLECT

Tellus Books. Paperback. Book Condition: New. Paperback. 224 pages. Dimensions: 8.5in. x 8.5in. x 0.5in. At the end of the first third of the 19th Century there arose in Concord, Massachusetts a uniquely American voice, a voice that changed the face of American intellectual life and inaugurated a new understanding of both man and Nature. At the same time as Ralph Waldo Emerson was beginning to transform the American literary world, the great environmentalist and nature writer John Muir was born in Scotland. Muir would eventually settle in California where he would become one of the main personalities involved in the preservation of Yosemite Valley. The synthesis of Emersons transcendentalism and Muirs natural theology was not destined to occur during their lifetimes. This book is a step toward that synthesis. It brings together the 1899 text of Emersons last great work, the Natural History of Intellect, with photographs from Muirs beloved Sierra Nevada mountains. Quotes from the Natural History are matched with photographs to illuminate Emersons deeper meaning. Muir speaks through Nature, Emerson through thought. A commentary on Emersons text helps bring his thought into a contemporary context. We need the wisdom of these great men more than ever as we face enormous environmental and spiritual challenges. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
